# Royal Interior Superior Wood Finish

From the hills of Somerset Protek brings you the Royal range, a high quality decorative wood finish. Inspired by the lush countryside and rich heritage houses nestled within, the colours in the extensive Royal range are classic, contemporary and fit perfectly with modern design. Royal has been specially designed to give long lasting protection with a soft lustre that allows the wood grain to show through.

**COVERAGE: APPROX. 8M<sup>2</sup> PER LITRE**

Royal Interior Superior Wood Finish provides a water resistant coating with mould and fungal protection. It is perfect for use on all wood products such as doors, window and door frames, kitchen units, furniture, skirting boards, cladding & joinery. Royal Interior wood finish is low in odour and with low VOC (volatile organic compounds). The unique formulation is a water-based acrylic and alkyd hybrid that incorporates a polyurethane dispersion based on Linseed oil - a renewable resource.

✓ Furniture

✓ Joinery

✓ Kitchen Units

✓ Door Frames

✓ Doors

✓ Window Frames

A 1 litre tin will cover approximately 8m<sup>2</sup> depending on moisture content and porosity of the timber. It is recommended that 2 - 3 coats be applied. Royal Interior Wood Finish is a high build formulation so each extra coat increases the colour and sheen. If applying to bare timber a knotting agent or stain blocking primer should be applied prior to Royal.

**AVAILABLE IN 1, 2.5, 5 and 25 LITRE CONTAINERS**

Protek, Crowne Trading Estate, Shepton Mallet, Somerset, BA4 5QQ
